HEREWORTH  
DESIGNED FOR BOYS

To watch our son grow through Hereworth from a small Year 4 boy, into a confident, respectful and hardworking Year 8, has been a huge pleasure.

Hereworth has encouraged him to be a curious learner, with a strong grounding in all areas of school life, not simply academically, but also to ensure that his behaviour is exemplary and that he is well developed socially and is self-reliant. He takes on his learning with passion and enthusiasm.

Families choose to send their boys to

Hereworth because it offers a wide breadth of education. Not only is it an investment in their son's future, but also a gift for those boys who grasp the huge opportunities available to them.

Hereworth has every reason to be proud of its traditions, and its ability to turn out well-mannered and grounded young men, year after year.

It has a happy atmosphere with a fun, rough edge to it, that amplifies the "designed for boys" environment, which the boys flourish in.
